

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

Service Dog Information Package

About Dogs with Wings (DWW)

Our mission is to foster integration and independence for individuals and social service agencies by providing them with highly trained Assistance Dogs.

Our vision is to transform lives and advance the Service Dog sector. Our dream is wellness and support for all.

Dogs with Wings (DWW) is an Assistance Dogs International (ADI) accredited school, which provides highly trained Assistance Dogs at a cost of \$1.00 to individuals and social service agencies.

DWW has been providing highly trained Assistance Dogs since 1996. Our school is accredited by *Assistance Dogs International (ADI)*, which sets and maintains standards for organizations like ours around the world. We re-certify every 5 years to ensure we continue to offer best practices to our clients and produce the very best dogs possible. We have developed our own breeding program to give us a steady supply of dogs of known health and temperament. We exclusively use Labrador Retrievers and some Labrador X Golden Retrievers. These breeds are chosen due to their even temperament, willingness to please and adaptability. Their size and strength also make them suitable as Assistance Dogs. Right from birth, our dogs live with volunteer families who provide them with caring homes in which to grow and learn. Our Advanced Dogs in training work with professional trainers to learn the skills they will need to work for our clients. Our dogs are in school for approximately 2 years before they are ready to be a Dog with Wings. More information about our fostering and other volunteer programs may be found on our website: www.dogswithwings.ca.

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

Overview of Our Service Dog Program

Service Dogs are taught essential house manners, as well as how to behave in public. They assist people with physical disabilities to enhance their quality of life and achieve greater independence by:

- Helping to retrieve objects
- Opening and closing doors
- Seeking out help
- Supporting the client in moving from one point to another (ex: wheelchair to bed, etc.)

Applicant Criteria

Dogs with Wings has developed a detailed application process for our Service Dog Programs to ensure the success of each team. Applicants must first meet the following criteria:

- Applicants must have a physical disability and use a manual/power wheelchair for mobility.
- Applicants must be 15+ years old at time of application and 16+ years old at placement.
- Applicants must demonstrate an active enough lifestyle to qualify for a Service Dog (e.g., working, attending school, participating in activities outside of the home, etc.).
- Applicants must have the mental awareness to be the sole handler of a Service Dog and be responsible for the dog in public places.
- We prefer to place Service Dogs in home environments in which the Service Dog is the only canine living in the home. However, exceptions may be made on a case-by-case basis.
- Applicants must be able to meet the emotional, physical, and financial needs of the Service Dog and offer a stable home environment.

Follow These Steps:

- Read through relevant information in this handout and on the website, to make sure a Service Dog is right for your family.
- Download and fill out a letter of intent.
- If you meet the necessary criteria, our Client Services Coordinator will invite you to fill out an application.
- Using the checklist in the application form, make sure application is complete, and submit all forms to DWW.
- **Once the application is complete and all forms have been submitted**, DWW will review information and contact references.
- You will then be contacted and may be invited to take part in a preliminary interview, either at our facility or over the phone.
- DWW will determine whether you would benefit from one of our Service Dogs, and will contact you with our decision.

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

If we approve you for a Service Dog, please keep in mind this is a conditional approval. DWW will continue to assess you and your needs while you are in line to receive a Service Dog. Situations, needs, and circumstances change, as well as our ability to satisfy your needs may change. DWW reserves the right to close an application at any time, or redirect clients to one of our other programs should we determine it would be more suitable or appropriate.

We work towards providing you with a dog that matches your needs, activity level, and personality. Please be aware this can be a lengthy process due to high demand for Service Dogs and our goal is to make the best match possible. When a suitable dog has been identified, we will contact you and invite you to DWW as we begin to assess different dogs with potential clients. Following that, we will provide you with information regarding participation in team training, and the next steps to take.

Our waiting lists can be lengthy due to high demand, **and it could take two or three years before we have a finished dog for you.** Please keep us informed of any changes during this waiting time that may affect your application. This includes:

- keeping contact information up to date
- alerting us if there is a move or change in living arrangements
- advising our office if any pets are added to your family
- advising our office if your needs have changed

We'd also like to know if you have applied to any other assistance dog providers. Applying to other providers won't affect your application with us, but if you receive a dog from another provider, we need to know as you would then be removed from our waiting list.

Team Training

Once a match is made, DWW will give you 4-6 weeks' notice to prepare. We require the main handler of the dog to attend a two-week training session at our main office and/or your home.

DWW works directly with a local hotel that provides discounted accommodation for the duration of Team Training, along with a comfortable training room for use during the day. Applicants are responsible for paying for their own food and accommodation during Team Training, as well as a \$300 Team Training kit fee (payment plans available) that covers the cost of the Service Dog's equipment and other items.

Team Training will include:

- Bonding with your new family member, learning their cues, and working together as a team
- Education regarding health and veterinary care of the dog

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

- Education regarding taking a dog out in public (Public Access) and how to respond to attention
- Learning about legislation and your rights
- Connecting with a graduate family who currently uses one of our Service Dogs
- After 4-6 weeks, an off-leash dog park session will be held

At the end of Team Training, the handler/dog team will undergo the Assistance Dogs International (ADI) Public Access Test. During the Public Access Test, we will assess your dog handling and problem-solving skills, and your ability to safely use a Service Dog in public. These skills will be developed during Team Training, and we will work with you and the dog throughout this process to help you be successful. If this test is failed, we will re-assess, create a training plan with you and re-evaluate you after a period of time. Depending on the reasons for failure, the dog may be removed at that point.

After completing Team Training and the Public Access Test, the dog/handler team will be issued a service dog identification card. Carriers of this card are protected by law in Alberta, by the Service Dogs Act, and are allowed access to services and public places. For more information on the Service Dogs Act: <http://humanservices.alberta.ca/disability-services/service-dogs.html>

Do You Really Need a Service Dog?

Not everybody needs to have their dog accompany them to public places. Some applicants find that our Companion Dog Adoption Program is more than sufficient to meet their needs. Our Companion Dogs do not have Public Access, but are still able to provide many of the same benefits that our Service Dogs provide, just within the home.

Feel free to contact us with any questions you may have about our Companion Dogs or check out the different types of dogs we offer on our website.

Post Placement Expectations

After receiving a DWW Service Dog, there are certain requirements that must continue to be met. Having a Service Dog can provide many benefits, but it is also a big responsibility and a long-term commitment. Applicants must be prepared to care for and meet the needs of a Service Dog for the next seven to ten years.

DWW will continue to provide ongoing support after a dog has been placed, for the lifetime of the dog. We encourage clients to contact us if you have any questions or issues you need help with.

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

Part of your obligation as a recipient of a DWW Service Dog, is to provide progress reports on a regular basis. DWW will also conduct home visits and do check-ins to ensure the dog/handler team is still working well together. After the first year, DWW will connect with clients yearly, either in person, over the phone, or via an internet video call. There is also the possibility the dog/handler team will repeat the Public Access Test, at the discretion of DWW and a Senior Instructor.

DWW maintains ownership of the dog. If we feel our trained Service Dog is not being well cared for; if their optimal weight is not being maintained; or they are not being used for their intended purpose, we can decide to remove the dog from the home.

Ongoing Responsibilities and Expectations:

Expenses

On average, it may cost approximately \$1000-\$1500 per year to care for a Service Dog. Regular expenses include:

- Dog Food: We recommend suitable, high quality foods. Budget for approximately \$75 per month.
- Regular Veterinary Care - this includes check-ups and regular vaccinations, etc. Your vet may offer a discount for Service dogs. We estimate the cost of vet care to be approximately \$300 per year for healthy dog maintenance.
- Replacement Equipment: this includes packs, leashes, and collars. DWW can provide these items for you at cost. Budget: \$50-\$100 per year.
- Toys and Treats: approximately \$150 per year.
- Pet Insurance – in order that you are able to plan for the dog's health care needs, **we require you to purchase Pet Insurance.** The cost may vary from \$25-\$50 per month, depending on your deductible. We are happy to provide you with additional information if desired.

Grooming, Health, and Veterinarian Care

As recipients of a DWW Service Dog, you will become ambassadors for our Program within the community. As such, our expectations are that the appearance of our dog is maintained, and grooming be conducted on a regular basis.

Having a Service Dog in the home means a little extra work, just like owning a pet dog. Clients need to be prepared to deal with day-to-day actions such as shedding, dog hair in the house, drool, and be

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

comfortable picking up the dog's waste. Grooming and maintaining the Service Dog's appearance is an important step in caring for a dog, and needs to be done on a daily basis. Daily brushing is a good opportunity to conduct a health check to ensure there is nothing amiss with the dog. This will also help with shedding. Cleaning ears, teeth, bathing, checking eyes and trimming toenails are also important factors our clients need to be prepared for.

Along with maintaining the dog's physical appearance, it is also important to look after the health of the dog. The healthier the Service Dog, the longer they can work. We expect recipients to adhere to our feeding guidelines and keep the dog within a certain weight range. We require progress reports on a regular basis, and will be checking in to make sure the dog is in optimal health.

It is the responsibility of the client to ensure the dog has a veterinarian checkup at least once a year, and all vaccinations are kept up to date. It is important to have a veterinarian you can trust. We would be happy to make suggestions regarding veterinarian care in your area.

Continued Practice of Skills

In order for the Service Dog to work effectively, we expect recipients to continue practicing skills the dog has learned in training. Unlike a human assistant or mechanical assistive device, the effectiveness of a Service Dog depends greatly on the handler; a willingness to be firm, full of praise and consistency is essential. A Service Dog cannot be "turned off" and tucked away when not needed. They require daily care, training, exercise and affection. This helps keep their skills fluent and sharp so they can continue to meet the family's needs.

The life of a Service Dog isn't all work and no play. It is important to ensure the dog receives adequate "time off" as well, including play time to maintain balance and a healthy lifestyle for the dog. [A dog that has sufficient work-life balance will help to increase the longevity of its working career and overall life.](#)

Traveling with a Service Dog

Traveling with a Service Dog requires some extra effort and research beforehand. This includes:

- ensuring appropriate vaccines are up to date
- acquiring preventative medication for internal and external parasites for the specific region you are visiting
- having an International Health Certificate if travelling outside of Canada
- researching what the different airline requirements may be

DOGS WITH WINGS
ASSISTANCE DOG SOCIETY

In the event you are unable to travel with the Service Dog, we would prefer they were left with a trusted friend or family member while you are gone. **Our Service Dogs are never to be left in a boarding kennel.** If a client is not able to take a dog with them travelling, DWW will provide boarding from our in-house boarders.

Fundraising

DWW relies solely on the fundraising efforts of our Staff, Volunteers, Clients and the General Public in order to continue providing quality trained Service dogs at almost no cost to families. The cost to breed, raise, train, place and provide follow up care for each dog is approximately \$40,000. If you are able to assist us in this important work, we would be happy to discuss fundraising opportunities with you. DWW Staff are available to assist in planning and executing your fundraising efforts. However, it is important to understand you are not required to raise money for DWW, and your inability to assist in this regard will not play a part whatsoever in assessing your application, or in the decision to place a Service Dog with you.
